Swedish Maritime Administration's comments on the planned offshore wind farm project named 'Baltica 1 OWF'

Please find the Swedish Maritime Administration's (SMA) comments on about the planned offshore wind farm project named 'Baltica 1 OWF' below:

- The planned location of the wind farm will also affect the maritime transportation routes in Swedish waters. The SMA therefore sees that the cumulative effects of the park together with other known projects in the area shall be included in the ongoing work with Baltica 1 OWF.

This matter has been handled by infrastructure coordinator Olle Lewis together with unit manager Johan W
