Statement on the Notification of the Estonian Maritime Spatial Plan

SMHI acknowledges the consideration given by the Estonian Ministry of the Environment to the SMHI comments on the initial outline of the Estonian MSP. The draft plan now provides detailed guidelines and requirements for sustainable use of the Estonian marine areas in all relevant fields. Hence, the SMHI has no further suggestions to the proposed draft.

Department head Bodil Aarhus Andrae has decided on this matter prepared by Jörgen Öberg.

For SMHI

Bodil Aarhus Andrae
Head, Department of Core Services
